as required by
**The Producer Responsibility Obligations (Packaging
Waste) Regulations 2007 (as amended)**

Valpak Chairman

Valpak Chief Executive Officer

Recycling & Climate Change

In the vast majority of cases recycling waste is more efficient than producing new products from virgin material. This results in lower emissions of those greenhouse gases that cause climate change and helps safeguard resources.

Your contribution has helped the UK to achieve the recovery of 8,461,309* tonnes of packaging during 2019, of which 7,848,003* tonnes was recycled.
